Clipping Service Provided by FBIB

You are aware of the fact that FBIB furnishes a clipping service to certain government agencies for items that are of such limited general interest that their publication in our Daily Report would be unwarranted.

A record of the number of items forwarded to the various agencies is being kept on this service to give you some idea of the volume of this service at the present time. Attached hereto is a list of the number of items distributed during the period September 15 to September 26 inclusive.
